

COVID SECURE CAMPUS GUIDELINES

ACADEMIC YEAR 2020 / 2021

For both new and continuing students

Last reviewed and updated on 10 March 2021
- version 3.0 -

COPP No:	05
Campus:	All
Title:	COVID SECURE CAMPUS GUIDELINES
Commencement Date:	15/03/21
Version:	3.0
Valid until:	31/12/21
Review Date:	01/12/21 - or if Government Guidelines change
Senior Responsible Owner (SRO)	Lee Preston
COVID Officer Authorisation:	Lara Owen (Wembley Campus) and Lucy Phelan (Etihad Campus)
MIMG Review date	11 March 2021
Approved and Adopted by	Gold Command
Approval and Adoption date	12 March 2021

UCFB is a world first in higher education, and together with its Global Institute of Sport delivers undergraduate and postgraduate degree courses in the operational and business facets of the football and sports industry from within world-class stadiums. We are dedicated to providing the expertise, resources and environment to help you to reach your potential during and after your studies, using our global networking opportunities to connect you with the sports industry.

As a result of the COVID-19 pandemic our 2019-20 academic year ended in a very different way than anyone could have expected and this academic year has been similarly disrupted but we are incredibly proud of the way our students and staff have adapted to the unparalleled, fast-moving change and uncertainty.

In choosing UCFB and GIS we know you have made a significant investment in your future, committing to learn and grow under our guidance. We continue to adapt to the ever changing circumstances and are confident that we will continue to deliver the strong, industry-informed degrees to help propel your career.

We know that our unique access to our iconic campuses which include Wembley and Etihad stadiums is a key part of your learning experience and your safety is our priority. As a result, we are working hard with our campus partners and continue to review and refine our COVID-19 guidelines and mitigation measures in line with Government guidance to ensure the safety and well-being of students and staff whilst they enjoy the campus experience.

We remain grateful for the efforts you have made so far and continue to do so as we all work together through these unprecedented times and towards a brighter future.

Brendan Flood
Founder, Chairman and CEO

1. What is a COVID secure campus?

With the future remaining uncertain, UCFB has been working to adapt to a new normal. These guidelines have been developed and refined to ensure we inform the UCFB community on the changes we have made to our unique campus environments. The following aims, objectives and key principles have helped guide us in this journey.

1.1. Our aims and objectives

Aim:

Providing a safe and inclusive campus which empowers and supports our students and staff towards achieving a rewarding experience for all during these challenging times.

Objectives:

- 1. Safety First** - In line with the latest government guidelines and sector regulations, we have created a healthy and COVID-19 secure campus, ensuring our students' and staff health and safety is at the centre of all that we do as we return to our workplace and campus environment.

We will achieve this objective by:

- Undertaking detailed risk assessments.
- Implementing a 1 metre plus social distance set of measures.
- Making face coverings compulsory when in campus buildings.
- Temperature checks available on request at reception.
- Introducing enhanced cleaning measures including disinfectant and deep cleaning programmes.
- Safe circulation systems around campus facilities, including one-way systems where possible.
- Introducing hand sanitiser stations throughout campus facilities.
- Introducing COVID secure campus signage to promote hand washing and good hygiene.
- Implementing reduced capacities in teaching, study and social spaces enabling social distancing guidelines to be met.
- Ensuring self-assessment health risk assessments are carried out.
- Staff and students completing COVID Secure Campus guidelines inductions.

- 2. An inclusive and inspiring learning environment** – our 2020 / 2021 academic year plan is structured to ensure all our students and staff will be able to access, engage with and deliver a high-quality learning model which spans beyond the classroom and supports a fantastic student experience.

We will achieve this objective by:

- Delivering a flexible learning model.
- Delivering as much as face-to-face activity on campus as possible including some small group sessions and seminars.
- Ensuring all course content is available virtually.
- Providing high quality and regular student support.

3. Advancing Careers - We are dedicated to maximising the career opportunities of all our students, providing access to unique opportunities to learn from experts, develop insight into the industry and apply knowledge and skills in a wide range of sporting organisations. Our plan is to continue to provide these opportunities, making the most of digital innovation and virtual engagement alongside in-person experiences.

We will achieve this objective by:

- Delivering an industry leading guest speaker insight series.
- Creating unique work placements with industry leading partners.

4. Continued innovation – In this unprecedented time, UCFB will create opportunity by working with our network of national and global partners to innovate and create unique experiences for our student community, ensuring the highest quality student experience possible.

We will achieve this objective by:

- Delivering an inspirational series of global summits.
- Delivering industry leading events, conferences and networking opportunities.

We have developed this set of COVID Secure campus guidelines, informed by the World Health Organisation, Public Health England, compliant with the British Government advice and regulation and reviewed against each newly issued guidance. The active application of these guidelines aims to create a healthy COVID secure campus environment, which develops a high level of confidence in our ability to manage and mitigate the risk of COVID-19 transmission.

We have planned for multiple scenarios, each informed by detailed risk assessments, which enable the adaptability required through any changes in government COVID related policy. These guidelines have been informed by six key principles of: Inform, Test, Sanitise, Protect, Distance and Track.

1.2. Our six key principles to safeguard the UCFB community

Our return to Campus has been underpinned by six key principles to ensure the safeguarding of our UCFB community.

Principle	Description	Action
INFORM	To provide regular and supportive information, advice and guidance to assist with the protection and safeguarding of all students and staff.	<ul style="list-style-type: none"> • Complete Inductions • Provide information advice and guidance. • On-going support for safe operations
TEST	To provide reporting mechanisms for daily health self-assessment and provide students with information, advice and guidance on accessing testing kits or facilities.	<ul style="list-style-type: none"> • Access to Covid LFT Testing • Daily wellness reporting • Self-Assessment • Symptom identification
SANITISE	To ensure all high use surfaces are regularly deep cleaned and disinfected and that all campus users are aware of their responsibilities to maintain high levels of personal hygiene including access to hand washing facilities.	<ul style="list-style-type: none"> • Disinfectant cleaning • Multi sanitiser stations • Provide guidance for good personal hygiene • Provide enhanced hand washing / hand sanitising facilities
PROTECT	To ensure all campus users wear facemasks and that protections are in place to prevent possible non-touch transmissions.	<ul style="list-style-type: none"> • Establish on-campus compulsory face mask policy • Enhanced deep cleaning
DISTANCE	To ensure routes around our campus facilities provide clear guidance and adherence to physical distancing measures and capacity requirements.	<ul style="list-style-type: none"> • Implement 1 metre plus social distancing measures • Clear and frequent signage • Restricted room / facility capacities • Facility occupation plans

TRACK	To ensure campus users are regularly updated on campus status. Students have detailed information about the arrangements for teaching and learning on their course. All staff members can deliver their roles in a COVID secure environment aligned with health needs and national policy changes.	<ul style="list-style-type: none"> • Student services reporting • Campus community wide communication. • Policy update • Alert level status plans • Daily wellness reporting follow-up • Line management reporting
-------	--	--

2. Our delivery model to return to campus

Following the COVID-19 outbreak, like many higher education institutions, UCFB made the decision to deliver the remainder of the 2019/2020 academic year remotely. The response from our staff and students was exceptional and ensured a successful completion of the academic year in unprecedented circumstances.

Over the summer of 2020 our team worked with our stadium partners and other facility landlords to ensure our campuses are as COVID secure as possible. We implemented a range of mitigation measures informed by government and sector guidelines, underpinned by our six key principles and summarised in our three-level plan outlined below. This approach is underpinned by ensuring we have a clear picture of the health status of our students' and staff before they arrive on campus.

We welcomed students and staff to our campuses in September 2020 and were delighted with the approach from students and staff who collectively ensured the successful implementation of our Outbreak Prevention and Management Plan.

In order to comply with government guidance on the safe mass transit of students at the end of the first semester UCFB moved all teaching online in December 2020 ahead of the national lockdown put in place by government.

All teaching remained online from the start of January 2021 up to the government's announcement that students on practical courses could return to teaching. UCFB followed the guidance accordingly and permitted one postgraduate program to return in accordance with the guidelines. Given the guidance stating that providers should not ask students to return if their course can reasonably be continued online, UCFB informed all remaining students that the remainder of the academic year would be delivered online.

Prior to re-opening our campus facilities for the authorised postgraduate program and welcoming back students and staff, the following has been reviewed and updated

- Detailed risk assessments for each facility.
- COVID secure safety measures implemented.
- Operational procedures agreed by stadia and facility landlords.

- Health and safety self-assessments.

2.1. Our operational plan

UCFB initially implemented a five-stage plan based on the government's five-stage alert level. This determined UCFB's approach to define what student life and studying would be like for the academic year 2020 / 2021. This plan was designed to give us the flexibility to adapt as the local and national situation and associated government guidance has changed.

We started the academic year with a flexible delivery mode with virtual delivery replacing large group teaching. Alongside this, some small group lectures, seminars, placement activities and events were able to take place in their on-campus settings. Part of this flexible delivery mode ensured that all course content is made available virtually. Some elements were moved to virtual delivery temporarily and others have had to move according to the results of our Track and Trace system. We remained committed to delivering as much face to face activity on campus as is possible whilst adhering to government guidelines.

Our on-campus face to face activities include: certain course content where social distancing and room capacities allow (some lectures and seminars), some student one to one support sessions, some events, global summits delivered using a blend of on-campus with social distancing and broadcast online, some library services (others will be available on alternative formats), self-study (subject to study hub capacities), sports activities (subject to national governing body guidance), dual delivery student council meetings, appropriate induction and open day activities.

We have designed our model to be flexible and we have planned for a range of scenarios due to the changing nature of the pandemic. We believe this approach enables us to meet our moral obligation to restrict the spread of COVID-19 and our duty of care to safeguard the well-being of our students and staff. ***However, UCFB reserves the right to alter the level of service in response to local lockdowns, or UCFB-specific outbreaks, should they occur. As always, UCFB will be led by the government guidance in operation at any specific time.***

SEE NEXT PAGE

Operational Plan and Delivery Model:

Due to the changing nature of the pandemic and a changing picture of government enforced local and national restrictions, this was shaped initially by a five-stage alert level, a three tier local system, and now further national restrictions. In response, we have revised our operational model.

Our model has been simplified from a five-stage model to a three-scenario model, which more clearly reflects the scenarios we are faced with. The three scenarios shaping our model are as follows:

- **Scenario 1 (Green) – Face to Face delivery** – No national or local restrictions are in place which restricts on campus face to face delivery.
- **Scenario 2 (Amber) – Face to Face and Virtual delivery** - National and / or local restrictions reduces on campus face to face delivery and requires alternative and complementary virtual delivery. Should you not be able to attend face to face on campus activity for valid reasons your academic content will be made available online. Non-teaching elements, e.g. events involving the public may also be subject to national or local restrictions.
- **Scenario 3 (Red) – Virtual delivery** – National or local restrictions that prevent HEIs delivering any form of face to face on-campus activity. Should you not be able to attend virtually delivered activities for valid reasons your academic content will be made available online.
- **For the avoidance of doubt** – these three scenarios were informed by the government’s tier system but are not designed to mirror them, whilst giving UCFB & GIS the operational flexibility required to deliver to students.

3. Our service plans

Full service plans have been developed to enable UCFB to operate at every level of government alert levels. These detailed plans have been used to inform our COVID Secure Campus guidelines.

4. Student Life

4.1. Prior to arrival on campus

Before students are allowed to return to campuses at the beginning of each semester or following a lockdown occurring between semesters, the following is in place;

- In order to access all available services, students must complete an online enrolment and registration process, followed by compulsory induction and orientation activities.
- Students will continue to receive regular communications and updates in relation to COVID-secure guidelines.
- Students will receive details about the on-campus and virtual delivery arrangements for their course.
- Prior to returning to campus all students are encouraged to take a COVID-19 test and if positive are asked to remain at home in isolation for 10 days
- Students are required to undertake a health assessment status review. Should the student choose not to have a COVID-19 test on return, further assessment criteria are used to assess risk using the guidance below:

COVID-19 Health Assessment status:

Status	Description
1	Fit and well with no COVID related vulnerabilities or caring responsibilities
2	Caring responsibilities in a shielded household
3	Clinically at increased risk
4	In self-isolation with symptoms or in a household with symptoms
5	Extremely clinically vulnerable

4.2. On campus life

UCFB's campuses are based in two of the world's leading student cities, providing an exceptional environment to live and learn in. Whilst COVID-19 has created a new normal, we have created a COVID secure environment to enable a fantastic life and learning experience as a UCFB student.

4.2.1 When students are on campus

When students are on campus, students will:

- Take advantage of the twice weekly Lateral Flow Testing programme made available by UCFB in partnership with the University of Manchester and London Borough of Brent.
- Complete a health and safety self - risk assessment.
- Provide health and well-being reports to student services should health status change.
- Always bring student identification and wear it.
- Follow all designated signage, floor markings and social distancing measures.
- Follow all COVID Secure guidelines.
- Utilise the demarcated safe circulation systems around campus facilities, including one-way systems where necessary.
- Plan extra time to attend all on campus sessions.
- Wear face coverings at all times whilst within campus facilities.
- Disinfect workstations before and after use.
- Practice good hand hygiene through regular hand washing and sanitisation.
- Leave campus immediately if you feel unwell or display any COVID-19 symptoms (<https://www.gov.uk/coronavirus>) ensuring absences are reported to Academic Admins
 - absencewembley@ucfb.com
 - absenceetihad@ucfb.com
- Self-isolate for 10 days.
- Seek a COVID-19 test. You can find out how here: <https://www.gov.uk/get-coronavirus-test>
- Keep up to date with the latest government stay at home guidance: <https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>
- In the event of receiving a positive COVID-19 test email:
 - covidaware@ucfb.com
 with details, and you will be contacted as part of the UCFB Track and Trace process.

4.2.2 Student Accommodation

UCFB's accommodation partner is Unite students (Us). UCFB and Us have worked extremely closely to ensure safe and COVID Secure student accommodation provision. The following provides a summary of our approach.

- Our partner accommodation in Manchester (Mill Point) and Wembley (Arch View House) are both open.
- All student accommodation has been fully risk assessed and meets all required COVID Secure government guidelines.
- Enhanced deep cleaning, hand sanitiser stations, clear and frequent signage, social distancing measures, new lift capacities.
- Gyms will be made available should government guidelines allow.
- Restricted capacities in common areas.
- We continue to review arrangements in partnered accommodation according to the latest guidance alongside monitoring COVID caseloads within the accommodation.

4.2.3 UCFB Students' Union

- The Students' Union role is to represent UCFB students and make your time here as rewarding as possible.
- UCFB will do all it can to ensure the Student's Union can meet this vital role in student life in the most effective way possible.
- We will enable socially distanced meetings where guidance allows and also facilitate meetings to take place virtually.

4.2.4 UCFB Athletic Union

UCFB recognises the important role sport and physical activity plays to our student community. The health and well-being of our students is a central part of UCFB's strategy and we are taking every step possible to ensure sport and physical activity provision can be accessed in a safe and secure way.

The UCFB Athletic Union enables students to take part in a number of sports during their time here, whether competitive or recreational. We have a number of teams across both campuses for male and female students, however, COVID-19 has enforced new guidance and restrictions.

- UCFB Athletic Union sport and physical activity recreational activity will take place in line with government, Sport England and National Governing Bodies (NGB's) of sport guidelines.

- Sports facilities accessed by the UCFB Athletics Union are owned by local authorities in Manchester and Brent. Students can access local authority sport and leisure facilities in line with local authority guidelines.
- UCFB sports teams will take place when BUCS, Sport England and sport NGBs policies advise it is safe to do so.

Further to group activities taking place in line with government and NGB guidelines, we encourage students to undertake individual recreational activities such as running, jogging, walking, cycling and other social distance sports such as are permitted by guidance in place at any time.

4.2.5 Advice for Living and studying in Manchester and London

UCFB students study in campuses that have two of the most iconic stadiums in the world, in two of the greatest cities in the world.

To ensure we appropriately support student life in these cities and provide the most up to date information, advice and guidance, UCFB have long established relationships with a network of partners in each city.

Current local Coronavirus advice in Manchester and Brent (local borough of London), please use the following links.

- <https://secure.manchester.gov.uk/info/500361/coronavirus/7928/coronavirus/26>
- <https://www.brent.gov.uk/coronavirus/>

4.2.6 Student Support

- The Student Services Team is here to support you across a wide range of areas throughout your studies at UCFB. Our priority is to ensure that you enjoy life at UCFB and feel supported to succeed both academically and personally.
- Support services and information will be available online, by email and telephone.
 - studentserviceswembley@ucfb.com
 - studentservicesetihad@ucfb.com
- Dependent on government guidance, some face-to-face support may also be available. This would be through bookable appointments and with social distancing measures in place. UCFB guidance in relation to protocols and PPE (i.e. face masks) would also need to be followed.

4.2.7 Library and information services

Our library and information service is committed to providing access to relevant and pertinent resources to support you during your studies at UCFB. Our COVID Secure guidelines for our service includes:

- Detailed risk assessments completed for each campus Library.
- Restricted numbers of people who can physically enter Library facilities, meeting our facility capacities.
- Screens in place at service desks.
- Signage, social distancing measures, one-way systems and hand sanitisers.
- Socially distant desk occupation plans.
- E-resources available and virtual support will continue.
- UCFB Online resources:
 - <https://my.ucfb.com/course/view.php?id=1536>
- UCFB library support:
 - library@ucfb.com

4.2.8 Semester dates

Your 2020/2021 semester dates can be found at:

<https://www.ucfb.ac.uk/studying-at-ucfb/student-life/campus-life/semester-dates/>

4.3 Online life

4.3.1 The UCFB online hub

ONLINE

The UCFB on-line hub is an easy-to-use platform, available on mobile, tablet and desktop. The on-line hub remains fully available during the academic year and allows you the flexibility to study on days of the week and times of the day that accommodate your other commitments within the deadlines of your programme.

Details of the hub can be found at: <https://www.ucfb.ac.uk/studying-at-ucfb/student-life/online-life/the-ucfb-online-hub/>

4.3.2 Global hub and campus access

As a UCFB student, you will have access to UCFB's series of elite sports industry networking centres and global study hubs. Our global hubs at New York's Red Bull Arena, Atlanta's Mercedes-Benz Stadium, Toronto FC's BMO Field and the Melbourne Cricket Ground (MCG), will be available subject to travel restrictions, the COVID-19 alert level and government guidance of the time of the summits. Where face to face summits are not possible these will be delivered virtually and made available to all students post completion.

4.3.3 The Global Insight Series

Available online through UCFB digital publications, podcasts and videos, and through live seminars and annual summits across our UCFB campuses, global study hubs and networking centres, this key professional development facet of our offering is distributed to the mobile phone and laptop of every UCFB student and alumni. As an on-line student, you will also be able to register to attend guest speaker talks at both of our UK campuses, allowing you to experience both Wembley and Etihad stadiums.

4.3.4 On-line semester dates

Your 2020/2021 semester dates can be found at:

<https://www.ucfb.ac.uk/studying-at-ucfb/student-life/online-life/online-semester-dates/>

5 Staff work life

5.1 Before staff arrive on Campus

Before staff are allowed to return to campuses at the beginning of each semester or following a lockdown occurring between semesters, staff must;

- Complete a re-induction training session on all COVID-Secure Campus guidelines.
- Avail themselves of the twice weekly Lateral Flow Testing programme made available by UCFB in partnership with the University of Manchester and London Borough of Brent
- Be invited and approved to return to campus by their line manager.
- Complete a 1-2-1 with their line manager to discuss individual circumstances and a health & safety questionnaire using the guidance below

COVID-19 Health Assessment status:

Status	Description
1	Fit and well with no COVID related vulnerabilities or caring responsibilities
2	Caring responsibilities in a shielded household
3	Clinically at increased risk
4	In self isolation with symptoms or in a household with symptoms
5	Extremely clinically vulnerable

5.2 When staff are on Campus

When staff are on campus they will need to:

- Provide well-being reporting with line managers indicating health and assessment status to indicate any change from Status 1.
- Bring staff identification and wear it at all times.
- Follow all designated signage, floor markings and social distancing measures.
- Follow all COVID Secure guidelines.
- Leave extra time to attend all on campus sessions.
- Whilst within campus facilities wear face coverings at all times, except for academic staff when teaching, except where exemptions apply.
- When academic content is delivered in person, a 2 metre plus buffer zone between students and staff will be maintained. Where this is not possible due to room constraints additional guidance will be provided and must be adhered to. Academic staff must also wear face shields whilst teaching.
- Disinfect their workstations.

- Practice good hand hygiene through regular hand washing and sanitisation.
- Leave campus immediately if they feel unwell or display any COVID-19 symptoms and contact their line manager.
- Travel between campuses only when essential and supported by line management approval.
- Conduct meetings via Microsoft Teams wherever possible. In person meetings must observe room capacities and social distancing measures.
- All staff will have completed online training relating to COVID-SECURE mitigation measures.

5.2.1 Campus to Campus travel

- Staff Campus to Campus travel should be minimised wherever possible.
- Staff require authorisation from line managers prior to any campus to campus travel. Approval should only be considered when campus to campus travel is an essential requirement, with all alternatives to travel explored.
- If cross campus travel is authorised, government travel advice should be followed.

5.3 Office Working

Our offices are open and available to staff, in line with the government guidance and according to the prevailing guidance re: working from home. All staff will receive revised inductions on new office protocols and procedures in line with government advice, including:

- Staff and line managers conduct one-to-one meetings to consider individual circumstances.
- Self-risk Assessment / return to the workplace questionnaire are completed between the employee and line manager.
- Detailed risk assessments of each workplace have been carried out and are available on the staff intranet.
- A Health and Safety action plan evidencing measures taken against government guidance has been developed.
- Social distancing measures inform office capacities and desk occupancy plans.
- Other safety measures implemented include: increased deep cleaning, hand sanitisers, flexible start and finish times, restriction to visitors, reduced kitchen and meeting room capacity levels, face coverings where required.
- Flexibility with the approach, like all others will continue and office working will be kept under constant review and changes implemented as required.

6 COVID Secure Environments

Students and staff may find themselves in a number of other environments during their UCFB experience over the next academic year. Our 6 key

principles outlined earlier are applied to each identified environment. These include as follows.

6.1 Teaching and Learning Environments

Face to face on campus activities (where permitted under government guidance)

All face to face on campus activities will take place when safe to do so, in line with government guidance and following a range of measures to ensure they are COVID secure. These include:

- A detailed risk assessment process for each activity has been completed consistent with government guidelines.
- Specific COVID secure measures have been implemented to enable some face to face activities including; meeting social distancing guidelines, compulsory face masks, voluntary temperature checks, pre activity health and safety self-assessments, enhanced cleaning, safe circulation systems, clear signage, maintaining room capacities, COVID Secure campus guidelines issued
- Face to face activities include:
 - course content where social distancing and room capacities allow (some teaching sessions).
 - student one to ones.
 - events and Global Summits (Summits will also be broadcast online).
 - library services and self-study (subject to study hub capacities).
 - counselling and student support services (booked by appointment).
 - sports activities (subject to national governing body guidance).
 - student council meetings with dual delivery face to face and online availability.
 - appropriate induction and freshers activities.

6.2 Public Spaces

A number of campus secure measures have been put in place to support the safety of students and staff across the variety of public spaces indicated below.

Lifts

- Restricted use of lifts will occur, use prioritised for disabled people or those with mobility impairments.
- Reduced lift capacities will be in place which have been determined by our partner landlords.

Reception and student facing services

- Mobile screens have been put in places such as receptions, service desks and other spaces where social distancing and risk assessments require it.
- To manage queues and avoid the formation of large groups, student facing services will be available online and on-campus, bookable by appointment.

Walkways around campuses

- One-way pedestrian systems have been introduced where practical and possible. These can include, corridors leading to teaching areas, routes around facilities and offices.
- Spaces have been marked with social distancing signage, one-way signage and room capacities.

6.3 Transport

Travelling to and from Campuses

For students and staff travelling to and from our campuses the following guidelines should be followed:

Walk or Cycle

- Where possible, we encourage students and staff to walk or cycle as a preferred transport method, however we do recognise this is not always possible.
- Cycle storage is available at all locations.
- We offer a cycle to work scheme for all staff. Contact HR for details.

By Car

- During this time, we encourage students and staff to use their private cars where possible.
- Car sharing with colleagues should be avoided, unless sharing a residence with a colleague.

By public transport

- If public transport can be avoided, to minimise risk, we encourage students and staff to seek alternative forms of transport, such as a private car, walking or cycle.
- Where this is not possible, students and staff should follow government advice for travelling on public transport.

<https://www.gov.uk/guidance/coronavirus-covid-19-safer-travel-guidance-for-passengers>

- Local travel information can also be found using the following links:
 - <https://tfl.gov.uk/>
 - <https://tfgm.com/>

6.4 Placements and other work-based learning environments

- Our placement recruitment process will be completed virtually.
- Support however will be provided face to face in a one-to-one environment by appointment only.
- Academic supervision during work placements can be conducted via Microsoft teams or face to face by appointment.
- Any face to face activity on campus will be conducted whilst observing social distancing requirements and will require students and staff to wear compulsory face masks, consistent with our campus wide strategy.
- Students will be allowed to conduct in person placements in September. In this circumstance, the employer will sign to say the work placement environment is COVID Secure.
- Employers will complete and make available work placement risk assessments, informed by government and workplace sector guidance.
- Advice and guidance will be provided by the employer indicating how the placement will be managed in a COVID Secure way. New policies which sets this out will be provided to the student by the employer.
- The E+E team will provide regular support to the students during their placements, which can either be conducted face to face or via Microsoft teams.
- The E+E team will circulate regular surveys to students and employers to monitor and support work placements and workplace safety.

**Further to this COVID Secure Campus guidance document,
student and staff FAQ's are available as follows:**

- **Detailed student FAQ's for prospective and current students can be found on the Coronavirus web pages of our website www.ucfb.ac.uk**
 - **Detailed staff FAQ's can be found on our staff intranet**
