Scholarships & Bursaries

Scholarships & Bursaries

UCFB Scholarships & Bursaries have now launched and are live to apply!

Scholarships are UCFB specific and intended for applicants who can evidence outstanding achievement in their chosen field. There are different scholarships with different criteria on offer – take a look at our website and applicant hub for more information.

Bursaries are slightly different; aimed at students with a lower household income with the aim to remove any financial barriers that may be faced while studying. Again, there are different scholarships on offer so please take a look on our website.

It's always worth checking out the scholarships and bursaries on offer as you never know what support you may be eligible for. Remember – the money / other benefits received do not need to be repaid.
