Testimonial

"I'm grateful for the experience of the scholarship. It's allowed me to connect with other students, across both the London and Manchester campuses. Some of my friends are at the London Campus, and I wouldn't have met them if it hadn't been for the scholarship. The staff have supported us and helped us apply for grants, to help us in our careers in the industry. I think anyone thinking of applying for a scholarship should just fill out the form and go for it."
